Athletes and Parents:

We are excited about our first meet this Saturday at Athens Academy. We want this to be a safe and enjoyable experience. We will take the following safety precautions for all meets this year. We will be updating this list as the need arises.

1. We will screen all athletes when they arrive at the meet at our team site. We will have 1 tent and tarps set up to help athletes find us to pick up their numbers.
2. Athletes should wear a mask until the screening is complete. We encourage all athletes and parents to wear masks while at the meets when appropriate. This is not required, but suggested.
3. Athletes and parents should practice social distancing.
4. We will head to the starting line as late as possible to minimize the time spent in close proximity to other teams.
5. We will not conduct our usual pre-race cheer at the start line. We will do this at the team tent and with mask coverings.
6. We have been ask not to congregate at the finish line. Athletes will proceed directly to the team tent after they finish the race. Coaches and Parents will remove chips from the shoes after the race and return to the meet management.
7. We are asking that athletes only congregate at the tent area if you are preparing for your race. Please practice social distancing in the tent area.

We are not requiring athletes to stay and watch other races as usual. Athletes may leave the race site after their races.
